## EXPANSION PROJECT

PROPOSED DESIGN OF NEW 9 TEMPLE

# ABOUT NINE TEMPLES

In 2014, Shri PavanGuruji created a beautiful temple complex in Penjerla Village, Telangana, with a vision to bring people closer to the divine and strengthen their connection to Hindu Dharma. This sacred space consists of nine temples, each offering a peaceful environment for prayer, reflection, and spiritual growth.

The temples are designed with deep respect for Hindu traditions and values, providing a place where devotees can experience the timeless teachings of Hinduism. The complex serves as a spiritual hub, where individuals can come together to worship, seek blessings, and find solace in their faith.

The temple reflects the core principles of Hindu Dharma—love, devotion, selfless service, and the pursuit of inner peace. It is a place where people of all backgrounds can reconnect with their spiritual roots, offering a sense of unity and community. Shri PavanGuruji's vision has made this temple complex a living example of the power of faith, encouraging all who visit to embrace the teachings of Hinduism and live a life of righteousness, compassion, and devotion.

At the heart of this divine space is the motto, "The Power of Bhakti." It serves as a reminder of the strength that devotion and heartfelt worship bring to our lives. This temple complex stands as a testament to the transformative power of bhakti, guiding all who enter towards spiritual enlightenment and peace.

## Gowshala Seva

Promoting the Safety and Welfare of Gau Mata

At Pavan Guru Foundation, we are dedicated to providing a loving and safe environment for Gau Mata (the cow) through our GowshalaSeva. Our mission is to offer shelter, nutritious food, medical assistance, and proper care for cows, ensuring their well-being and safety. By supporting Gau Mata, we honor our sacred duty to protect and care for these revered animals. It is not only an act of compassion but a service to the Earth and humanity. Your contribution will help us sustain this initiative and provide for the cows in our care.

We are excited to announce the construction of Gowshalas in nine temples, extending our efforts to serve and protect Gau Mata in various communities. These dedicated spaces will provide shelter and care for more cows, fostering a sense of reverence and responsibility toward them. The new Gowshalas will serve as sanctuaries, where the cows will receive the love and attention they deserve while becoming a symbol of compassion for all. This expansion will also educate people about the importance of cow protection in our culture, helping spread the message of kindness and respect toward all living beings. Join us in making this noble cause a reality, as together, we can create a lasting impact on the welfare of Gau Mata and ensure their safety and dignity for generations to come.

# VEDIC INTERNATIONAL SCHOOL

We are pleased to announce the construction of Vedic International School, located at Nine Temples. This new educational institution is designed to offer a unique learning environment that combines the ancient wisdom of Sanatan Dharma with the modern approach of the CBSE curriculum. Our vision is to create a school where students not only excel in academics but also grow with strong moral values and a deep understanding of spiritual traditions.

The school will be built with state-of-the-art facilities and modern infrastructure, providing a comfortable and enriching atmosphere for students. At Vedic International School, we believe in nurturing young minds to become well-rounded individuals who are grounded in their cultural heritage while being prepared for the global challenges ahead.

In addition to the regular academic subjects, our students will be exposed to the teachings and practices of Sanatan Dharma, ensuring they are equipped with knowledge that extends beyond textbooks. The school will offer a balanced education, focusing on both intellectual development and personal growth. We look forward to welcoming students and shaping the leaders of tomorrow with a strong foundation rooted in tradition and modern education. Stay tuned for more updates on this exciting project!

# TORAN DWAR

The Toran Dwar, or sacred gateway, is one of the most important features of a temple. It is not just an entrance but a spiritual threshold that marks the beginning of the divine journey. As per ancient traditions, the first structure to be built in a temple is the Toran Dwar, symbolizing the opening of the pathway to the divine.

Contributing to the construction of a Toran Dwar holds immense spiritual significance. It is believed that such a contribution brings blessings not only to the donor but also to their ancestors (Pitra Devta). According to scriptures, this noble act helps in attaining moksha (liberation) for one's ancestors, freeing them from the cycle of life and death. It is considered an act of immense virtue and a way to honor one's lineage.

The Toran Dwar is also a beacon of auspiciousness, adorned with sacred symbols, carvings, and motifs that invite positivity and prosperity into the temple. By supporting its construction, you become a part of preserving tradition and enhancing the spiritual energy of the temple, leaving a lasting legacy of devotion and faith.

With deep respect and gratitude, we are honored to place the images of our cherished ancestors within the sacred grounds of the temple. This meaningful gesture is our way of honoring their memory and praying for their spiritual elevation. By placing their photographs in this divine space, we seek peace for their souls and pray that they are blessed with Moksha, reaching the eternal realms of Vaikuntha Lok. We believe that their blessings will continue to guide and inspire us, as they journey toward the highest spiritual abode.
